

Engaging Employee Solutions

Rowena Slattery

People & AI

Transformation Partner

Partnering with leaders to activate people-centred frameworks for confident AI and system adoption.

Where teams grow capability, connection, and clarity through change.

People-Centred System Transitions

Readiness & Alignment

Helping leaders assess readiness & strengthen alignment between people, systems and strategic goals.

Communication & Engagement

Building trust through clear, inclusive communication and team participation.

Transition Planning

Mapping the path forward with training, role shifts and confident team enablement.

System Adoption Support

Integrating new technology into everyday workflows, turning learning into lasting capability.

Leadership Development

Coaching leaders to guide their teams with clarity, curiosity and confidence in the age of AI.

Leader Benefits

Clarity & Confidence

Leaders & teams know what's changing, why it matters and how to adapt.

Alignment & Engagement

Stronger connection between business goals and daily practice.

Connected Teams

People stay engaged and informed, building shared ownership and stronger collaboration throughout change.

Effortless Compliance

With structured processes and clear accountabilities, leaders gain peace of mind that people, policy and practice remain aligned.

Sustained Results

People & Systems grow together
Making change stick and progress continues.
